6 g/Kg INDOXACARB

PCT's OVERT Cockroach Gel features:

- ◆ Sold as a box with standard 30g tube.
- ◆ Bait formulation has proven attractiveness to cockroaches.
- ◆ Non-repellent Indoxacarb A.I. ensures a positive transfer of the insecticide between cockroaches.
- ◆ Gives excellent control of & is suitable for all cockroach species.
- ◆ The label gives very wide treatment situations (including vehicles).
- ◆ Unique GROUP 22A mode of action makes OVERT a very useful product for your insecticide resistance management strategy.

DIRECTIONS FOR USE:

RESTRAINTS

DO NOT place gel on surfaces that are regularly washed.

DO NOT apply this product in any areas easily accessible to children or animals.

DO NOT allow product to directly contact humans, pets, exposed food, food preparation areas, food utensils, or food packing materials.

SITUATION	PEST	RATE
Domestic, commercial and public service buildings including: farm buildings, food processing establishments, factories, hospitals, homes, kitchens, offices, restaurants, retail outlets, storerooms, vehicles and other situations which fall within these definitions.	German, American and other common cockroaches.	Apply at least 2 spots per m ² . Increasing the number of spots (up to 5/m ²) may be required for heavy infestations or if the American cockroach is the main pest. Recommended spot size is approximately 5 mm diameter (0.1 g) or the size of the spot indicated below: 

CRITICAL COMMENTS

Conduct a thorough inspection of the premises and then place gel in areas near cockroach harbourages or in sheltered areas where signs of cockroaches are evident.

Replenish gel if previous application has been consumed or cockroaches remain a problem; increasing number of spots if necessary.

APVMA approval No 85164/112546
